> Covers annual paid sick leave, paid time off (PTO) accrual, carryover, and the separation between the two.

1. Paid Sick Leave

All regular employees are entitled to 12 paid sick days per calendar year. Sick days accrue at a rate of 1 day per completed month of service and are available for use as accrued.

Sick leave is separate from and additional to PTO. It may be used for personal illness, medical appointments, or to care for an immediate family member.

2. Sick Leave Carryover

Up to 5 unused sick days may be carried over into the following calendar year. Any balance above 5 days is forfeited on December 31 and is not paid out.

Sick leave has no cash value and is never paid out on termination of employment.

3. Paid Time Off (PTO)

Regular full-time employees accrue 22 days of PTO per year. Accrual is monthly and pro-rated for part-time employees based on scheduled hours.

PTO covers vacation and personal days. It is distinct from public holidays, of which TechTrapture observes 11 per year.

4. PTO Carryover & Payout

Up to 10 unused PTO days may roll into the next year. On termination, accrued and unused PTO is paid out at the final base rate, subject to local law.

Negative PTO balances (advanced and unworked) are recovered from final pay.

5. Notice & Approval

PTO of 3 days or more requires manager approval submitted at least 10 business days in advance. Sick leave requires notification to the manager by the start of the workday where possible.

Absences of more than 3 consecutive sick days may require a medical certificate.
