> Defines the annual professional-development allowance (GrowthFund), certification and conference sub-limits, and the service commitment.

1. The GrowthFund Allowance

Each eligible employee may claim up to $2,500 per calendar year toward approved professional development. This annual allowance is known as the GrowthFund.

The allowance covers courses, online subscriptions, professional certifications, books, and conference attendance, subject to the sub-limits below. Unused GrowthFund does not roll over.

2. Sub-Limits

Within the $2,500 annual cap: professional certifications (exam and prep) are reimbursed up to $1,200, and conference registration is reimbursed up to $1,500. Travel and lodging for conferences follow the Travel & Per Diem Policy and are funded separately from the GrowthFund.

A single course or program above $1,500 requires manager pre-approval before enrollment.

3. Eligibility & Approval

Employees become eligible after 90 days of service. All requests must be approved by the employee's manager and demonstrate relevance to the employee's current role or a planned internal growth path.

Reimbursement is paid on successful completion; for certifications, a passing result is required.

4. Service Commitment

For any single reimbursement above $1,000, the employee agrees to remain with TechTrapture for 12 months after completion. If the employee voluntarily leaves before 12 months, a pro-rated portion of the reimbursement is recovered from final pay.

This commitment does not apply to reimbursements of $1,000 or less.
